9255504828

Haryana, India

Computer Science student with hands-on experience in full-stack web development using the MERN stack.

Experienced in building responsive web applications with React, developing RESTful APIs using Node.js and Express, and managing databases with MongoDB. Implemented user authentication, authorization, and CRUD operations in multiple projects. Seeking a software developer internship to apply problem-solving skills and grow as a full-stack software engineer.

Work Experience

Software Developer Intern

Dec 2025 - Jan 2026

[Future Interns](#) | Remote

Completed a remote internship at Future Interns, focusing on building full-stack MERN applications. Developed a personal Portfolio website and an E-Commerce web application to gain practical experience in frontend and backend integration.
